Crimping pliers for MC4 and MC4-Evo 2

One crimping tool for all open B-crimp Stäubli PV DC connectors

The crimping pliers combine MC4 and MC4-Evo 2 within one set of pliers and is designed to be used for all open B-crimps (not applicable for barrel crimp contacts).

The crimping tool can process the following conductor cross-sections with one insert:

- **Size 1:** 2.5 mm², 4 mm² and 6 mm²
- **Size 2:** 4 mm², 6 mm² and 10 mm²

Benefits:

- One crimping pliers for both MC4 and MC4-Evo 2
- TÜV and UL certified
- Registered design feature providing traceability information about crimping tool on each individual crimp

How to verify that each crimp is made using the suitable tool and die?

The registered design of the crimp traceability concept is providing information about the conductor size, crimp height and crimp width. For further information about this feature please refer to assembly instruction MA704.
