

Specification Dust Cap

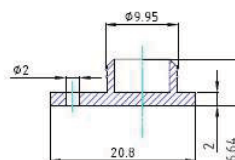

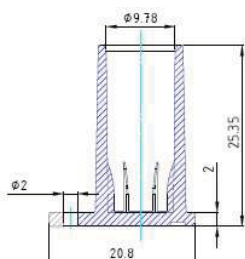

Description	PV-BVK4-HZ	PV-SVK4-HZ
Order Number ECS HAN	DNMM.48000.00001	DNMM.48000.00002
Order Number ECS ALS	32.0740	32.0741
Suitable for	MC4, MC4-Evo2, MC4-Evo3	

PV-BVK4-HZ

PV-SVK4-HZ

Technical Data:

Material	PP(K8003)
Color	Blue
Operating temperature	-30°C - +60°C
Protection degree (mated)	IP65 (Staubli tested)

Application:

The dust cap is applied on the connectors of PV module, PV inverter or combine box to avoid the ingress of the dust during the transportation and the PV system installation.

The dust cap is not suitable for long term application in the field.

The direct touching with the mud or water is forbidden.
